Press Release

Date Released: August 16, 2019

During the Disaster Preparedness Day at the Fulton County Emergency Management Building, the Indiana State Department of Health and the Fulton County Health Department will be offering FREE rapid arsenic well water testing. The Disaster Preparedness event will be held from 9:00 a.m. until 3:00 p.m. August 24 at the Fulton County Emergency Management Building located at 1728 East State Road 14 – Rochester. Bring your well water sample, 8 ounces or more, in a clean container to this event for arsenic testing. Please contact Shannon Shepherd, Environmental Director of the Fulton County Health Department, at (574)223-7730 with any questions.
