Subject: RE: letter of approval from INDOT for Apache Dr Rochester Indiana

Lawrence,

The only thing that INDOT is requesting is that you leave a 10 foot buffer of a grass strip the full width of the back of your property that separates your property from the State property to try to prevent any kind of limestone run off.

Just to add no piping or ditching to direct water to the State Right-of-Way is allowed.

You can show the Fulton County Area Planning this email and if they have any further questions pertaining to the State on this issue then I will be more than happy to answer any of their questions.

Thank you.
