ROAD CUT BACK FILL FINISHING INSTRUCTIONS:

Road cuts are to be filled with crushed 9's natural stone, with 73 limestone used for the top 12 inches

RESPONSIBILITY:

In accordance with Fulton County Ordinance 080497-2, the applicant agrees to the following:

1. the satisfactory repair of any and all excavated areas, and maintenance of same for one year after completion of the work.
2. installation and maintenance of barricades, signs, lights, etc., and all traffic control (flagmen, etc.) in accordance with the latest edition of the Indiana Manual of Uniform Traffic Devices (IMUTCD)
3. indemnify and save harmless the County, its agents, and employees for any and all claims for damages or actions arising out of the work performed under this permit and the continuing uses by the Permittee, including but not limited to constructing, reconstructing, maintaining, and using said utility lines approved under this permit
4. keep a copy of this permit with each work crew while work is in progress and present it upon request of any County official
5. notify all law enforcement and emergency agencies (police, fire, ambulance, etc) in the event that any road closing is required for the work performed under this permit
6. remove and/or relocate any facilities covered by this permit to other locations on the County Highway right of way when required by the County for performance of construction or maintenance of facilities in County Highway right of way. Such removal and/or relocation of facilities in County Highway right of way shall be at the sole expense of the person except as provided for by applicable law
7. if necessary, notification of property owners adjacent to the right of way where work is performed is the duty of the Permittee
8. attach to this application, drawings or sketches showing the work to be done and its location, with reference to the edge of the road, width of cut, and within the legends, show to scale, north and pertinent facts
9. work to be done on what is commonly known as apparent right of way, is not intended to show ownership of the property adjacent to the road, or to circumvent the rights of the landowners
10. contact Fulton County Highway Department upon completion of the project
11. wherever a junction box or pedestal is installed under this permit, the junction box or pedestal shall have a wood telephone pole or steel reflective post installed to protect the unit from being hit from road maintenance activities such as mowing and snow removal. The pole or post should be 5ft (five feet) in height above ground.

TERMS AND CONDITIONS:

1. This permit will be valid for three hundred sixty five (365) days from the date of approval. If the work covered by this permit is not completed within this time, a new permit and accompanying permit fee will be required.
2. This permit is valid only for work in the Fulton County Highway right of way. Permittee shall obtain approval from appropriate agencies for work inside incorporated areas of the County, and secure consent by easement or other legal documentation from abutting property owners for work performed outside the Highway right of way.
3. This permit in no way relieves the Permittee from meeting all applicable Federal, State and Local Government laws.
4. All lines crossing beneath County roads shall be bored unless special permission is granted.
5. Should a road cut be permitted, the Permittee shall follow the Road Cut Back Fill Finishing Instructions presented at the bottom of page 1.

When required, the applicant agrees to post the financial guarantee (bond, letter of credit, or identifying agreement)
